Car Parking Policy at University Sports Facilities

The Centre for Sports and Exercise (CSE) operates sports facilities at the following venues: Stanley Ho Sports Centre, Flora Ho Sports Centre and Centennial Campus. There are car parking facilities at the Stanley Ho Sports Centre (81) and Flora Ho Sports Centre (22).

Due to the limited number of car parking spaces available, the CSE has introduced the following car parking policy to ensure that there are adequate spaces available at the sports facilities for members concurrently using the facilities during opening hours and in particular at peak usage times. Spaces will be available on a first-come-first-served basis and parking spaces are not guaranteed. These spaces are typically for legitimate users whilst they are actually using the sport facility, not for “casual parking”.

IMPORTANT

All vehicle drivers and road users should adhere to the statutory requirements under the Road Traffic Ordinance, Cap 374, the Road Traffic (Parking on Private Roads) Regulations Cap.374O and its subsidiary legislations, the Regulations Governing Traffic and Parking on University Estates and the parking arrangement listed below. Our parking policy is displayed at the entrance of our Sports Centres.

The CSE’s provision of car parking facilities aims to offer convenience to our members who would like to drive to the Sports Centre to use the sports facilities. Owing to the limited car parking spaces and the high demands during peak hours, members are advised to be considerate and should not park their cars when they are actually not in the Sports Centre to use the facilities.
