**Normal facility booking applies.**

Please take special note of the operation hours of the re-opened facilities, which are different from our usual operation hours. As the Coronavirus pandemic situation continue to be stable, we will broaden our operation hours and facility provision and hopefully be back to full operation as soon as it is practicable and safe.

**ATTENTION:** Users who come to use the Stanley Ho Sports Centre please kindly note and adhere to the following health precautionary measures:

1) Users will be required to undergo mandatory body temperature check at the reception counter at the entrance of Stanley Ho / Flora Ho Sports Centre. Any individuals with temperature higher than 37.5°C will be prohibited from entering the facilities and asked to visit a medical professional.

2) Those who have respiratory tract infection symptoms such as coughing and running nose, or if you are feeling unwell, we ask you to be courteous to others and refrain from using the sports facilities.

3) For the safety of other users and CSE staff, it is mandatory to wear a face mask upon entering the sports centres or when walking around the sports centre (i.e. outside the tennis courts and running tracks) before / after exercise. Please adhere to the following mask-wearing requirements / precautionary measures when using particular facilities.

4) Users returning to Hong Kong (including a travel to mainland China and Macau) must avoid using the sports facilities **at least 14 day self-quarantine requirement** after the date of their return. All users are required to fill in a travel & health declaration form upon entry to the sports centre.

5) Users who play tennis please bring your own racquets as no sports equipment will be on loan during this period of time.
6) Users who drive to the Stanley Ho Sports Centre can go through the car entrance as normal upon the presentation of their valid card. However, all other passengers (if any) must get out of the car and use their own membership access card to enter the sports centre through the pedestrian entrance. By so doing, CSE would then keep a full record of users entering the sports centre. Also, during this re-opening period, no taxis will be allowed to enter the sports centre and only staff and sports members with valid staff / membership card are allowed to drive to the sports centre.

7) Users are not allowed to bring in any guests to use the sports centres (this re-opening period is for members only);

8) Users are strongly advised not to gather together in groups of more than 2 persons and it is recommended, as far as possible, to maintain an appropriate social distance (at least 1.5m) from one another;

9) “LeaveHomeSafe” Venue QR Code has been posted up at the entrance of the Stanley Ho Sports Centre. Users are strongly advised to use this service. For more details on “LeaveHomeSafe”, please click this LINK.

10) CSE may request any users who do not follow any of the above precautionary measures to leave the sports centres immediately.

We are continuing to add more services each week as best we can, but we also understand that our reduced level of services may not be able to meet all users’ expectations. The hours and venues still remain reduced at this time, due to our need for deploying additional manpower to address the augmented precautionary measures and also enhance the hygiene and cleaning frequency for the benefits of our users. We intend to continue extending our service hours and facilities in the subsequent weeks should the situation allow.

Regards,

Centre for Sports and Exercise, HKU
